

transit

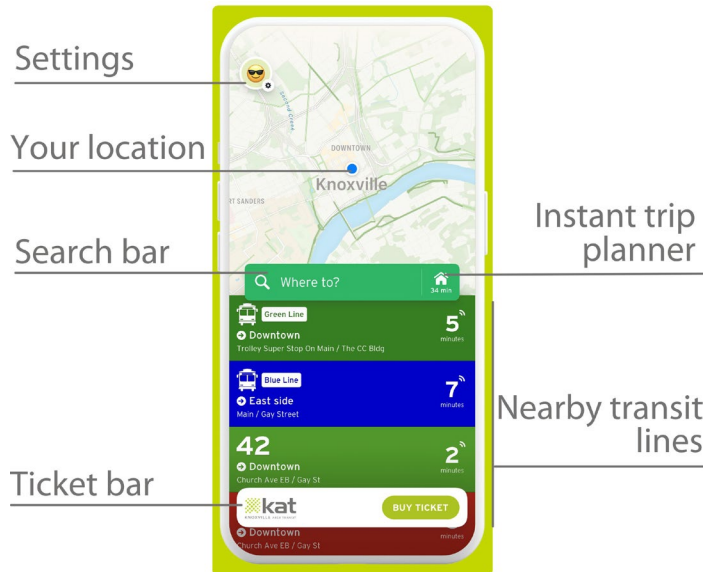

# Bus Network Preview

## Transit is KAT's official app

- **FREE to download from the App Store or Google Play**
- Allows you to PLAN your trip, PAY your fare, and SCAN your ticket. Plus, TRACK your bus!

## Bus Network Preview

- It will allow passengers to preview the new routes in advance.
- It will allow passengers to plan their future trips in the trip planner tool.

Scan QR code to download Transit

# transit Bus Network Preview

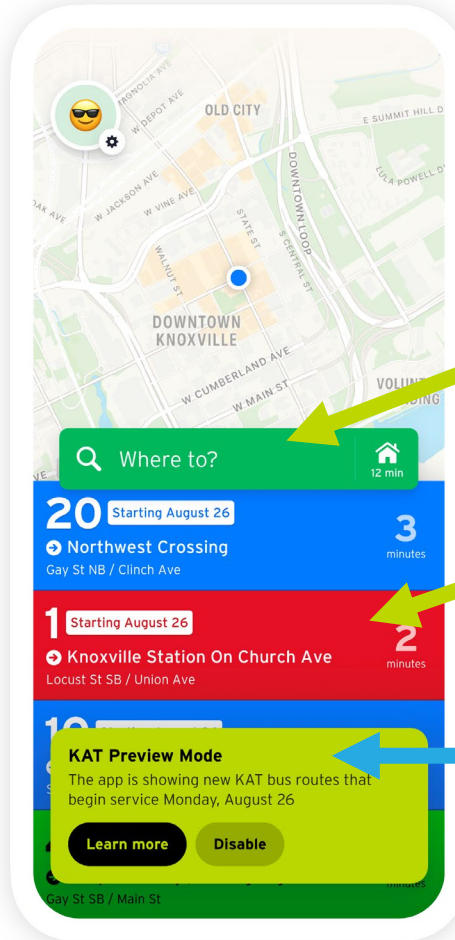

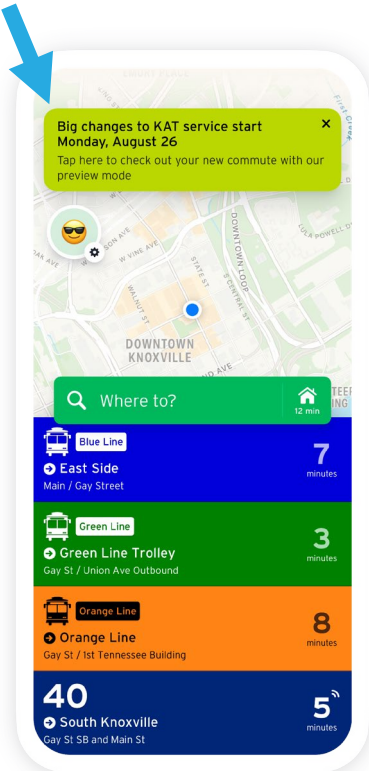

Tap on the home screen banner to access the bus network preview

**In bus network preview mode:**

Tap on the Search Bar to plan a future trip

Tap on any route to preview it

The preview mode banner displays at the bottom of the screen

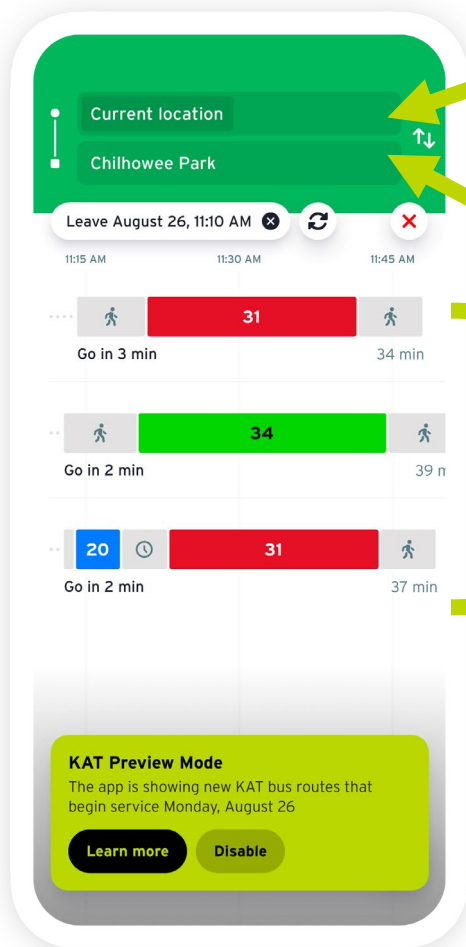

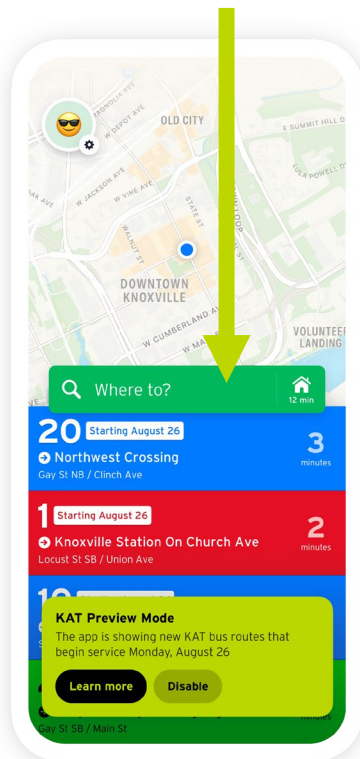

# transit Bus Network Preview

## To plan a future trip:

Tap on the Search Bar to open the Trip Planning tool

Your current location is the default starting point. This can be changed AFTER you enter your destination.

Enter your destination

The app will provide several trip options.

Tap on any trip option for more details.

## Future trip details:

The map shows the full trip. You can zoom in and out on the map.

Green locator icon is your starting location. Zoom in to see the dotted black line that shows you the path to your bus stop.

Red locator icon is your final destination.

The white dots along the route are bus stops. Tap on any bus stop for more details.

### Detailed Trip Information:

- What time to leave for your bus stop
- What time you should arrive at your bus stop by (and approximate time it will take to get there)
- How long your trip will take
